Neighborhood Watch Meeting  
September 2<sup>nd</sup>, 2010 – 7pm - Town Office

Recently there has been a rash of break-ins in the community whether it be cars, homes or other. These are unfortunate incidences which affect the entire community. In light of this the Town is encouraging residents to connect with each other to start a neighborhood watch program.

What is Neighborhood Watch?

Neighborhood watch is a community based crime prevention program that has been used internationally to reduce crime by reducing the opportunities for crime to happen. It involves neighbors working together, being alert to suspicious activities and looking out for one another to help create a safer environment for everyone.

Neighborhood Watch is a safe program that does not require you to patrol or take on the responsibilities of the Police. It is about banding together to keep our eyes open to anything out of the ordinary, and alerting the police to help prevent crime in our communities.

How can I start a Neighborhood Watch Program?

The Town, in cooperation with the Royal Newfoundland Constabulary, are hosting a meeting on **September 2<sup>nd</sup>, 2010, at 7:00 p.m.** to make sure you and your neighbors have all the details and information to get started.

SAFETY TIPS

- Keep doors and windows locked when you are not at home, using deadbolts where you can
- Do not hide keys outside
- Keep your garage door closed
- Use light timers so your house is not in total darkness
- Use your outside lights so your house and entrances are visible
- Refrain from telling callers that you are not at home- say you are unavailable
- Remove valuables from your car – use the trunk if necessary
- Do not leave garden equipment or shovels outside of your home
- Secure bicycles and motorcycles
- Stop mail and newspaper when you go on holiday
- Keep your eyes and ears open!

The Town would like to thank the City of St. John's Neighborhood Watch Program, for permission to use this material and information.
