You will be missed

"Love of my Life,
You did not go away.
You just went on ahead."
"God Bless"

To the Mayor, Councillors, Employees and the Town
of Portugal Cove – St. Philip's:

On behalf of Our Precious Loretta, we would like to
thank you for the kindness, consideration, and high
regard you have shown us during our difficult time.
The flowers were beautiful.

Again, we thank you, Victor & family.

*Loretta Tucker spent more than 30 years with the
Town of Portugal Cove – St. Philip's and we are truly
grateful for her many years of dedication and service.*

Congratulations Phoebe Miller

Phoebe Miller of Portugal Cove – St. Philip's became an Honorary
Member in the C.L.B. Ms. Miller was presented with this great honour by
The Honourable Frank Fagan, Lieutenant Governor of Newfoundland and
Labrador, and Colonel Al Pelley of the C.L.B. on November 12, 2014 at
Government House.

Lest we Forget

The Town wishes
to thank all those
who participated in
the Rememberable
Day event this year.
It was an inspiring
and reflective
moment for all as
a very large crowd
came out to the
War Memorial.

Safety Tips for Wood Burning Appliances

There is comfort in the crackling sound of a wood-burning fireplace or stove on a cold winter's night. But warm and cozy can quickly turn dangerous, destructive and deadly if your wood-burning unit is not properly installed or regularly maintained.

Preparation Tips

- Preventative care and a well-designed area for burning wood can reduce the likelihood of an unintended incident. For example, when installing a woodstove, situate it on a non-combustible surface such as a tile floor. Adequate ventilation is very important for preventing carbon monoxide poisoning; make sure that a door or window is easily accessible from your wood-burning area.
- Consult a professional about proper installation of stove pipes. If you are using a fireplace, regularly have the chimney cleaned and serviced by a professional. Keep an area of at least one metre around the stove or fireplace clear of anything that might catch fire or overheat.
- Know what to expect from your wood-burning unit. Stoves are designed to heat larger areas, and emit warmth from all sides. You may need to install a heat shield behind or beside the stove to prevent heat damage to any nearby walls. A fireplace, meanwhile, is primarily decorative and often does little more than provide some heat to the room in which it is located.

Firing it up

- Before lighting your fireplace or wood-stove, open the damper to allow for good airflow. Keep the damper open until the fire is out and the ashes are cool enough to touch.
- Build your fire with a small amount of dry, seasoned wood to keep the flames under control. Resist the temptation to overload your fireplace or stove. Burning too much wood at once can cause tar and creosote to build up in your chimney or stove pipes, which creates a fire hazard.
- Never use highly flammable materials such as wrapping paper or gasoline in a woodstove or fireplace. These substances can create dangerous fireballs in an instant and, just like burning too much wood at once, can cause a buildup of flammable materials in your chimney or stove pipes.
- Always use a screen in front of the fireplace, and never leave children unattended by a fire. Have a fire escape plan for your house and regularly review it with your family.

IN THE WORKS

Household Hazardous Waste

Please be reminded that household hazardous waste should not be placed in your regular curbside garbage.

Leftover household products that contain corrosive, toxic, ignitable, or reactive ingredients are considered to be household hazardous waste (HHW). Products, such as paints, cleaners, oils, batteries, aerosol cans, used cooking oil and pesticides that contain potentially hazardous ingredients require special care when you dispose of them.

Improper disposal of HHW can include pouring them down the drain, on the ground, into storm sewers, or in some cases putting them out with the trash. The dangers of such disposal methods might not be immediately obvious, but improper disposal of these wastes can pollute the environment and pose a threat to human health.

Recently, during a routine garbage collection, our Operators came upon a curbside garbage bag with a minor fire; fortunately our compactors are equipped with extinguishers and the Operator quickly smothered it. It was uncovered that the garbage contained 9 volt batteries and tin cans – this was likely the cause of the ignition.

A HHW Depot is located in the Residential Drop-Off at the Robin Hood Bay Waste Management Facility at 340 East White Hills Road and is open year-round Wednesdays and Saturdays from 8:00a.m. to 4:00p.m.

The Public Works staff thank you in advance for your cooperation in properly disposing of your HHW material.

2014 THE 100TH ANNIVERSARY OF THE BEGINNING OF WORLD WAR I & THE 75TH ANNIVERSARY OF THE BEGINNING OF WORLD WAR II

We honour all those who paid the ultimate sacrifice in all of the Wars, Conflicts and Peacekeeping Missions of our time past, present and future. Please join the Royal Canadian Legion on parade in 2014 to honour them in Remembrance and Gratitude. Details will appear in future newsletters.

War Memorial Restoration Project Portugal Cove-St. Philip's

As those of you who have driven by the memorial lately you can see we are undergoing a wonderful renovation project that will be completed by July 1, 2015. It will expand the site and add the names of those veterans from Portugal Cove - St Philip's from all conflicts and peacekeeping missions that residents have fought in. Key points are:

FOR DONATIONS – Please obtain the forms available at the Town Hall, The Legion, on the Towns web site. Also available at local businesses.

1. You have an opportunity to donate to this amazing and meaningful project. You can donate the cost of a bench or a granite paver stone in your family's name and have them personalized as a tribute. Tax receipts will be issued and all donations of any amount are welcome.
2. You can donate the amount of a bench or a granite paver stone and have it engraved with your family name/business or another saying and a logo.

ADDITIONAL NAMES FOR THE MEMORIAL - Please obtain the forms available at the Town Hall, The Legion on the Towns web site. Also available at local businesses. If there is anyone in Portugal Cove-St. Philip's who believes there are names from their family that should be put on the War Memorial, now is the time to get the information to the Legion.

1. We are going to remember all veterans from Portugal Cove – St Philip's who served in any war/conflict or during Peacekeeping Operations. Names will be accepted for any Military from any Country of service.
2. Some Branches of service are, but not limited to, Army, Navy, Air Force, Merchant Marine, Naval Reserve, Forestry Corps, Service Corps, Nurses and Voluntary Aid Detachment (VAD).
3. Some of the possible conflicts are, but not limited to, the War of 1812, Boer War, World War One and Two, Korean War, Gulf War, and the Afghanistan War.

Heritage Committee

The PCSP Heritage Committee would like to wish everyone a very Happy New Year. We hope that everyone had a wonderful holiday season filled with family, friends, and traditions new and old.

2015 is going to be a productive year with the development of a heritage trail, and the completion of some heritage resources that we hope will be useful to residents.

Are you doing any spring cleaning? Have you come across any treasures that you would like to donate to the town archive? Would you like to be a part of our Oral History Project? We are interested in meeting with residents, or former residents young and old to collect stories and interviews. Are you interested in learning how to trace your family history? If there is enough interest we will put together a genealogy workshop in the spring.

If you have any questions or are interested in a workshop, please contact Julie Pomeroy, Heritage Programs and Services Coordinator, at Julie.Pomeroy@pcsp.ca or 895-8000 ext. 229

Beachy Cove Pathfinder/ Trex Group

On Saturday November 15th, the 1st Beachy Cove Pathfinder/Trex group had a great time learning to Build an Outdoor Shelter at Sunshine Camp. The instructors also went over outdoor survival information. Using the material they found in the woods, they worked together to build a lean-to. The Pathfinders are hoping to use their new skills and sleep in a lean-to they construct in the very near future!

Women's Institute Library Donation

During the PCSP Library Children's Christmas Party on December 12th, Mayor Moses Tucker and Librarian Joan White were thrilled to accept a generous donation from the members of the Women's Institute. Thank you so much ladies!

From the Mayor's Desk

Mayor Gary Gosine, Minister David Brazil, and myself paused to mark a great moment, the naming of the M.V. Legionnaire. I was very happy to share in such a tremendous moment and truly feel the name of the new vessel is a fantastic choice.

A brand new year and a great look ahead to the future! With our recently passed budget, we are well under way to a great start for 2015. We would like to thank all of you who have taken time to be part of our planning process; the information gathered has been invaluable in helping to guide us through our budget decisions. This kind of open communication is what we as Council, would like to continue into the future. Contact us anytime, follow along with us on Facebook and Twitter, and remember to send us your feedback through our Budget Survey on the Town website, www.pcsp.ca

Bundle up and keep safe this winter season, hopefully there will be less snow to shovel than last winter.

Moses

Advisory Committee on the Environment (ACE)

ACE would like to encourage the citizens of our town to minimize the idling of any vehicles, including the use of remote starters this winter.

According to Natural Resources Canada, idling an engine for more than 10 seconds uses more fuel and produces more carbon dioxide gas than restarting it.

Idling:

- wastes fossil fuels and money
- causes engine wear and carbon soot build-up
- shortens the life of spark plugs and the exhaust system
- pollutes
- contributes to greenhouse gases and global warming
- causes respiratory illness.

Please turn your engine off when parked or when stopping in at the post office or the convenience store, or waiting for the school bus.

Most cities in Canada have had anti-idling provisions in their municipal by-laws for at least three decades. Let's make PCSP an idle-free zone too.

Portugal Cove – St. Philip's Lions Club

The PCSP Lions had a busy and productive fall session, supporting a young family's stay at Ronald McDonald House, helping three local families in need, donating to community church food hamper programs, assisting the Salvation Army kettle program, and participating in both the PCSP Remembrance Day parade and Christmas parade. The Club also hosted a Coffee House music night, with more planned for 2015 on the last Friday of each month. For more information Google "Portugal Cove - St. Philip's Lions" to visit our website, and follow us on Twitter @PCSP Lions.

**PLEASE
DO NOT IDLE**

**Idling is wasteful, pollutes,
and causes respiratory
illness**

2015 BUDGET SPEECH

In my capacity as the Chair of the Administration and Finance committee, I am proud to present the 2015 Budget for the Town of Portugal Cove – St. Philips. The total projected revenue for 2015 is \$12,874,587 which includes transfers from the province relating to infrastructure funding and cost shared debt. If we exclude the Provinces' share the total projected budget is \$9,975,977.

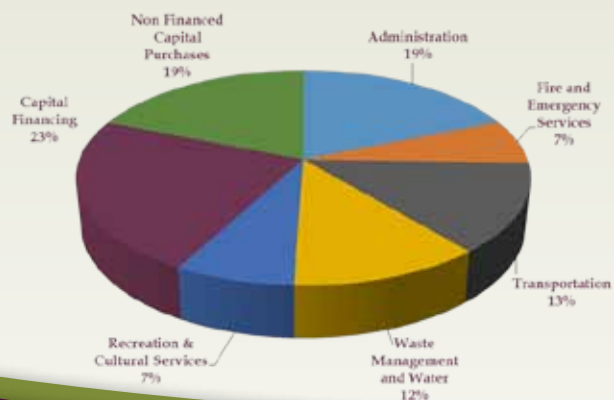

With Council's first full year behind us we have refocused the vision and priorities for the Town. Three key pillars have arisen as key strategic components moving forward: Financial sustainability, public input and smart long-term planning.

With this budget we are taking a giant leap towards creating financial sustainability in Portugal Cove – St. Philip's. This is being done primarily through the creation of a new infrastructure reserve that will give the Town a great deal of flexibility moving forward. As infrastructure ages and new demands arise within our community a reserve to draw upon will lessen the impact of such projects on the mil rate in the future. In addition, we are evaluating services and programs that the Town provides and are adjusting the costs more appropriately to those who benefit. This philosophy is the reason why the water and sewer fee is going up from \$380 to \$600, to move closer to the true cost of providing the service to those residents. A priority of council is to maintain a healthy debt ratio and more consistent mil rate from year to year.

Public Input has been a major focus with this Council, throughout 2014 residents and other community stakeholders were involved in a number of surveys and projects, including PlaceBuilder, which is helping prioritize projects as they relate to economic growth within the community. This focus continued into the budget consultation session with 3 public meetings including presentations to and from Council. What we heard was summarized in the Draft Budget details sent to all residents. In summary Council made financial investments in each of the areas identified including:

- New trails and recreation amenities and maintenance of existing ones
- More enforcement and security
- Increased pedestrian safety
- Improved environmental protection
- Focus on debt management

2015 EXPENSES BREAKDOWN

- Smart long term infrastructure and financial planning
- Concerns of rising regional water costs
- Improved fire and emergency services

Finally, Council will use 2015 to identify long term needs to better inform planning and future budgets through a series of important reports including the Asset Management Plan, completion of PlaceBuilder, an Advanced Road Network Plan and the Flood Plain Risk Assessment.

BUDGET HIGHLIGHTS

1. The Residential property tax mil rate set at 7.9 mils in 2015. This increase is a result in both addressing numerous needs identified in the public consultation process and better positioning the town for future infrastructure needs with the infrastructure reserve fund.
2. The town is pleased to continue to offer Residents a 5% discount off their property tax bill if the invoice is paid by March 31, 2015.
3. We are also pleased to continue the 20% discount to the property owners in the Town who are in receipt of the Guaranteed Income Supplement. This discount coupled with the early payment discount previously noted could provide a total compounded discount of 27%.
4. The Town of Portugal Cove – St. Philip's will once again be making considerable Investment in capital projects to ensure the town provides up to date services with modern equipment. Our overall Capital Program for 2015 amounts to \$5,160,400 with \$1,948,600 coming from Federal and Provincial Governments. Below is a summary of some of the Capital spend by area:

Protective Services: \$566,500	Public Works: \$1,635,000
Recreation: \$530,900	Multi-Year Capital Works: \$900,000
Property Acquisitions/Renovations, Development Studies: \$1,150,000	Signage, and Misc.: \$378,000 and

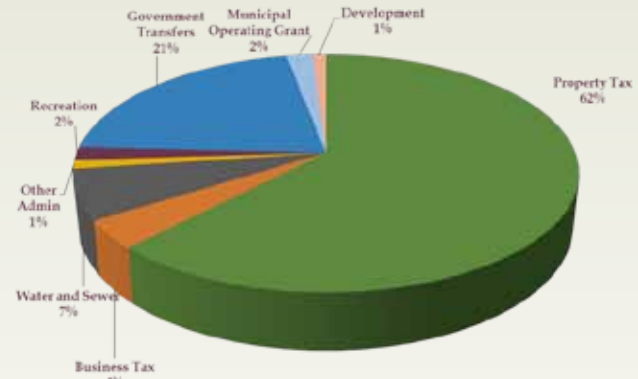

We appreciate the support of our residents, especially all those who gave input during the public budget consultations as we strive to become a sustainable community and a model for the region and province. We continue to encourage you all to give input in the future.

Detailed information on revenues and expenditures as well as the complete budget speech will be provided on the Town's web site for the information of residents.

Respectfully submitted

Gavin Will Chair, Finance Committee
