Fill out the Profile section with accurate information. The 'contact me' section is how you preferred to be contacted. We recommend setting up text messaging as the first way you'll receive information. You must have a minimum of one way to contact you, but you can add more. You will be alerted on all options, depending on the alert.

City

State/Province

Postal Code

Verify This Address

This section refers to the location you are setting up for alerts. If you live in PCSP, this would be your home location. If you live outside, but work within PCSP, you might wish to set it up for your work location. This is important as some of our alerts (particularly garbage pickup, emergency, or service disruptions) may just be specific to one area.

This page is where you can see the alerts you can subscribe to. You can subscribe to notifications of building closures, garbage pickup notifications, emergency alerts (we recommend everyone subscribe to these), and recreation. Election info will send updates on voting information and relevant information. Please note, if you have a home phone, all white page information has already been logged in for emergency alerts.

This section is especially important for emergency alerts. Though these alerts are rare, this information gives us an idea if you have pets and livestock that needs evacuation/assistance. This also lets us know if you have mobility issues or special needs that would require special attention in the rare instance of an emergency.
