Protective Services Committee – April 4, 2017 presented by Councillor Hanlon

The committee did not hold a meeting but has the following FES updates to provide:

The FES Fire School is coming up in May; the deadline for applications from firefighters is the end of this week. Applications and costs will be processed next week and brought back to the next Committee meeting.

The Chiefs have written and implemented a policy statement to address the training allowance of \$100 per day for those firefighters who attend outside training. This allowance has been standing practice for some years but without a formal policy statement on procedure and implementation. This allowance is considered an incentive to attend further training, as well as serves to compensate the firefighter for absence from their place of employment and any wage loss incurred.

The Northeast Avalon Regional Training (NEART) initiative, first conducted last fall, is now in the planning stages to return this coming fall. This initiative is once again led by Training Coordinator Mandy Young. The regional Departments are again participating with the planning committee.

The Chiefs are in the process of reviewing the Department's operating and training policies as more of an internal exercise to ensure these documents are current. This process is conducted at the officer's committee level.

2. Legal Defense Fund (tabled document)

In 1997, Federation of Canadian Municipalities (FCM) established a Legal Defense Fund to cover the legal costs of defending municipal jurisdiction over rights-of-way management. Since then, the scope of the Fund has evolved and is now an essential tool in advancing the national legal interests of municipalities in a broad range of cases that have implications for the municipal sector.

After years of activity, the Fund has been fully depleted. To ensure that FCM is able to continue defending the national legal interests of the municipal sector, FCM has suggested \$0.02 per capita contribution on a voluntary basis to sustain the fund. The committee was in agreement as the amount suggested for PCSP in approximately \$170.00.

INDEPENDENT AUDITOR'S REPORT

To the Mayor and Councillors of:
Town of Portugal Cove - St. Philip's

DRAFT

Report on the Financial Statements

I have audited the accompanying financial statements of the Town of Portugal Cove - St. Philip's, which is comprised of the Consolidated Statement of Financial Position, the Consolidated Statement of Operations, the Consolidated Statement of Change in Net Financial Assets (Net Debt), the Consolidated Statement of Cash Flows, a summary of significant accounting policies and other explanatory information for the year ended December 31, 2016.

Municipality's Responsibility for the Consolidated Financial Statements

It is the responsibility of the management of the Town of Portugal Cove - St. Philip's to ensure the accompanying Consolidated Financial Statements have been prepared in compliance with legislation, and in accordance with generally accepted accounting principles as established by the Public Sector Accounting Board of The Chartered Professional Accountants of Canada. It is also management's responsibility to ensure appropriate systems of internal and administrative controls are maintained to provide reasonable assurance that transactions are executed in accordance with proper authorization, that assets are properly accounted for and safeguarded, and that financial information produced is relevant and reliable.

Auditor's Responsibility

My responsibility is to express an opinion on these consolidated financial statements based on my audit. I conducted my audit in accordance with Canadian auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Town of Portugal Cove - St. Philip's as at December 31, 2016 and the results of its operations and the changes in its cash flows for the year then ended in accordance with the standards established by the Public Sector Accounting Board of The Chartered Professional Accountants of Canada.

Other Matters

In compliance with the requirements of Section 91 of the Municipalities Act, 1999, my report on statutory requirements is included herewith.

Notes to the Financial Statements

DRAFT

1. Status of the Town of Portugal Cove - St. Philip's

The incorporated Town of Portugal Cove - St. Philip's is a municipal government that was incorporated in 1992 pursuant to the Province of Newfoundland and Labrador's Municipalities Act. The Municipality provides or funds municipal services such as fire, public works, parks and recreation, library, tourism and other general government operations.

2. Significant Accounting Policies

The consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Professional Accountants and reflect the following significant accounting policies:

Basis of Accounting

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon the receipt of goods and services or the creation of an obligation to pay.

Investments

Temporary investments are accounted for at the lower of cost and market. Portfolio investments are accounted for at cost.

Real Estate Properties Held for Sale

Real estate properties held for sale are recorded at the lower of cost and net realizable value. Cost includes the amount of acquisition, legal fees and improvements to prepare the properties for sale or servicing.

It is reasonably anticipated that real estate properties held for resale will be sold outside the reporting entity within one year of the balance sheet date.

Landfill Closure and Post Closure Liabilities

The estimated cost to close and maintain solid waste landfill sites are based on estimated future expenses, in current dollars, adjusted for estimated inflation, and are charged to expenses as the landfill capacity is used.

Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the change in net financial assets for the year.

3. Significant Accounting Policies (Continued)

Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to the acquisition, construction, development or betterment of the asset. Assets under construction are not amortized until the asset is put into use and one-half of the annual amortization is charged in the year of acquisition and in the year of disposal. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over their estimated useful lives as follows:

General Tangible Capital Assets

Land	Indefinite
Land Improvements	10 to 50 years
Buildings and leasehold improvements	
Buildings	25 to 40 years
Leasehold improvements	Term of lease

Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to the ownership of the property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

Revenue Recognition

Revenues are recognized as earned and when collection is reasonably assured. Tax rates are approved annually by Council.

4. Significant Accounting Policies (Continued)

Expenditure Recognition

Expenditures are recorded on an accrual basis. Outstanding commitments for goods and services relating to the current year are accrued at the balance sheet date.

Interest on long term debt is accrued at year end.

Use of Estimates

The preparation of the Town's financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues during the reporting period. Actual results could differ from those estimates.

Inventories

Inventories held for sale are recorded at the lower of cost and net realizable value. Inventories held for consumption are recorded at the lower of cost and replacement value.

Severance Pay

The Town records severance pay liability for both management and union employees. Management employees are entitled to one week of pay for each year of service after five years of service. Bargaining unit employees are entitled to one week of pay for each year of service after ten years of service to a maximum of twenty weeks.

Donated Materials

Donated materials are recorded at fair market value at the date of receipt.

5. The manner in which the accounts have been kept and the safeguards against fraud

The Municipality's position in these respects was considered satisfactory.

6. Sufficiency of Bonds

The budget figures used in these financial statements have been approved by Council and the Minister.

The reconciliation between the Municipality's cash based financial plan and the PSAB accrual based budget figures used in these statements is disclosed in Schedule 4 - Reconciliation of the Financial Plan to the Budget.

13. Commitments

The disclosures below provide information that assists users of these financial statements in assessing the extent of risk related to financial instruments.

Interest Rate

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by changes in the interest rates. In seeking to minimize the risks from interest rate fluctuations, the Municipality manages exposure through its normal operating and financing activities. The Municipality is exposed to interest rate risk primarily through its floating interest rate bank indebtedness and credit facilities.

Fair Value

The carrying value of the Municipality's financial assets and financial liabilities as at December 31, 2015 approximate their fair value.

March 30, 2017

To the Mayor and Councillors of:
TOWN OF PORTUGAL COVE - ST. PHILIP'S

In compliance with the requirements of section 91 of the Municipalities Act, my report as follows on the audit of the accounts of the Council for the year ended December 31, 2016.

Expenditures in relation to budget:

Operating expenditures of \$9,517,836, capital expenditures of \$1,849,252, and debt repayment of \$1,625,731 for a total of \$12,992,819 were within the limits of the adopted budget by \$1,955,849. Section 81 of the Act provides that except with the approval of the Minister, the Council's expenditures shall not exceed the estimated amount of expenditures set out in an approved budget.

Arrears on revenue:

Taxes and interest receivable totaled \$1,063,076 at December 31, 2016. Of this amount, \$560,233 has been outstanding for one year or longer, while the balance of \$502,843 represents arrears on account of taxes and rates levied in 2016.

The manner in which the accounts have been kept and the adequacy of safeguards against fraud:

The position in this respect was considered satisfactory, however there are some control weaknesses which are inherent with the municipalities of this size.

Sufficiency of bonds:

Fidelity bond coverage of \$ 50,000 is carried on employees of the Council who are in a position of trust. In my opinion, the coverage provided is sufficient.

**Auditor's Report
On Compliance with Federal Gas Tax Funding Agreement**

To: Mayor and Councillors,
TOWN OF PORTUGAL COVE - ST. PHILIP'S, NL

I have audited the Annual Expenditure Report - Gas Tax Funding Agreement for the TOWN OF PORTUGAL COVE - ST. PHILIP'S and the Town's compliance as at December 31, 2016 with the criteria established for eligible expenditures as outlined in the Agreement signed September 10, 2014. Compliance with the criteria established by the agreement is the responsibility of the management of the Town. My responsibility is to express an opinion on this overall compliance based on my audit.

I conducted my audit in accordance with the Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the Town complied with the criteria established by the provisions of the agreement referred to above. Such an audit includes examining, on a test basis, evidence supporting the compliance, evaluating the overall compliance with the agreement, and where applicable, assessing the accounting principles used and significant estimates made by management.

In my opinion, as at December 31, 2016, the amounts disclosed in the Annual Expenditure Report by the TOWN OF PORTUGAL COVE - ST. PHILIP'S is not materially misstated and is in compliance, in all material respects, with the criteria established for eligible expenditures as set out under the terms and conditions of the Gas Tax Funding Agreement.
