

GREEN TEAM POSITIONS

In partnership with the

Town of Portugal Cove-St. Philip's (Location: Portugal Cove-St. Philip's)

Green Team Job Ad Number: CCNL Zone2A

Project Title: Water and Fish Sampling

PROJECT DESCRIPTION: The Green Team will conduct assessment of local waterways to determine levels and sources of over enrichment and complete some remediation work to enhance spawning grounds and opportunities for brook trout in the Beachy Cove System. The team will conduct sampling and evaluate levels of nitrate, phosphate, pH, dissolved oxygen, temperature and where possible relative flow rates. Vegetation will also be evaluated. The team will assist with identifying suitable sites for the installation of spawning gravel near test sites and conduct remediation activities as directed with the goal of enhancing hatch rates. Teams will also deliver a minimum of five Environmental Awareness Events.

POSITIONS

TEAM LEADER (1 Position): The Team Leader is the day to day supervisor for the Green Team. This person is responsible for the conduct of Team Members and the work they undertake. The Team Leader ensures that the work required is properly assigned and carried out, and that the project proceeds smoothly. This involves planning, maintaining discipline, daily acquisition of project materials, effective communication with the community partner and CCNL staff, administrative duties etc. A team leader should demonstrate the ability to plan and organize, and must have leadership and supervisory skills. **This position is for 10 weeks, at \$12.15/hr for 35 hours per week, from June 26 to August 31, 2018.**

TEAM MEMBER (3 Positions): The Team Member is an integral part of the Green Team program. The Team Member follows the direction given by the Team Leader, has the ability to work well in a team environment and feels that s/he can make a positive contribution to the projects undertaken. **These positions are for 8 weeks, at \$11.15/hr for 35 hours per week from July 3 – August 24, 2018.**
