

Portugal Cove St. Philip's

EMPLOYMENT OPPORTUNITY

Public Works Manager

Who we are:

The Town of Portugal Cove-St. Philip's is a thriving community built upon the history and heritage of two unique communities. We strive to provide our residents with the opportunity to live in a modern, yet traditional community in a rural coastal setting.

Who you are:

With a diploma in Engineering Technology and significant leadership experience under your belt, you are looking forward to building amenable relationships with residents and anxious to stretch your asset management and site inspection skills. You strive for top level service delivery, professional and proactive leadership and are an enthusiastic team member. You are ready for progressive challenges and professional accomplishments unique to PCSP. You want to join our management team as the Public Works Manager.

What will push you to the top of the list?

Your experience in a public service environment, practical experience in engineering technology (especially geotechnical or civil engineering), your superior knowledge of site inspections and your high level of commitment to customer service. Municipal government environment in your background too? Even better.

Our organization offers an attractive compensation package, including pension plan and group insurance and more, encompassed in the PCSP Non-Union Compensation Policy. The Town of Portugal Cove-St. Philip's is an equal opportunity employer.

For a detailed position description, please visit the Careers section of the Town website, pcsp.ca

All applications must be received by **4:00pm Friday, July 16, 2021**. Submit your complete CV package to:
