CANADIAN INSTITUTE OF PLANNERS CERTIFICATION

I certify that the attached Town of Portugal Cove-St. Philip's Municipal Plan Amendment No. 10, 2021, has been prepared in accordance with the requirements of the *Urban and Rural Planning Act, 2000*.

TOWN OF PORTUGAL COVE-ST. PHILIP'S MUNICIPAL PLAN AMENDMENT No. 10, 2021

BACKGROUND

The Town of Portugal Cove-St. Philip's proposes to amend its Municipal Plan. The growing demand for affordable housing has led to an increase in demand for smaller homes combined with a smaller lot area. To meet this demand for smaller house styles, the Town is considering potential residential development on the south side of the Thorburn Road to enable a greater density of housing development. The Amendment initially proposed to amend Plan Policy 3.4.1 to create a new Residential High Density Land Use Zone to allow for smaller homes on smaller lots. There was no map change proposed and the Amendment was advertised on February 29, 2020, with no public objection.

Upon submission of the amendments to the Department of Municipal and Provincial Affairs for s.15 review, the Land Use Planning section advised that the amendments could not be released and recommended that a specific area was required by way of a map change to identify the new Land Use Zone and that the Residential High Density Zone does not reflect the intent of Amendment. The Amendment proposed to create a new Land Use Zone to allow smaller homes on smaller lots. The intent was to address concerns about affordability and choice of housing style.

The proposed Amendment was changed to create a new Residential Small Lot (RSL) Land Use Zone Table with development standards as well as a map change identifying a specific area for the new Residential zone. These latest changes were not advertised to allow for public input but were sent to the Land Use Planning section seeking s.15 release.

To meet demand for a higher mix of housing opportunities, this amendment proposes to add "**Residential Small Lot**" to the General Intent of Plan Policy 3.4.1. and to re-designate an area of land from **Public Use** to **Residential**.

St. John's Urban Region Regional Plan

The proposed Municipal Plan Amendment No. 10, 2021, consists of text and map changes to the 2014-2024 Municipal Plan and conforms to the St. John's Urban Region Regional Plan. It is concluded that no Regional Plan Amendment is required.

PUBLIC CONSULTATION

During the preparation of this amendment, Council undertook the following initiative so that individuals and groups could provide input to the proposed Municipal Plan Amendment. The Town Council of Portugal Cove-St. Philip's published a notice in *The Telegram* newspaper on February 29, 2020, advertising the proposed amendment seeking comments or representations from the public. The Town Council placed the proposed amendment on display at the Town Council Office and on the Town's website from March 2 to March 6, 2020, for residents to view and to provide any comments or concerns in writing to the Council concerning the proposed amendment. No letters or objections were received by the Town during the public consultation period.

This Amendment was changed on the advice of the Land Use Planning section and was re-submitted to the Department of Municipal and Provincial Affairs on July 29, 2021. The changes to this Amendment were not advertised to allow for public input.
