CANADIAN INSTITUTE OF PLANNERS CERTIFICATION

I certify that the attached Town of Portugal Cove-St. Philip's Development Regulations Amendment No. 17, 2021, has been prepared in accordance with the requirements of the *Urban and Rural Planning Act*.

TOWN OF PORTUGAL COVE-ST. PHILIP'S

DEVELOPMENT REGULATIONS AMENDMENT No. 17, 2021

BACKGROUND

The Town of Portugal Cove-St. Philip's proposes to amend its Development Regulations. Signage along provincial roads is controlled by the Department of Transportation and Infrastructure whose authority falls under the provincial *Highway Sign Regulations, 1999*. These regulations do not allow for illuminated signage such as changeable message signage. The purpose of this Amendment is to amend the Portugal Cove-St. Philip's Development Regulations to introduce municipal Highway Sign Regulations, which would include Regulation to control illuminated signage such as changeable message signage. The intent is to satisfy the government's requirements to allow an exemption for the installation of digital, changeable message signs under the provincial *Highway Sign Regulations, 1999* which will now be controlled under the Portugal Cove-St. Philip's Development Regulations.

PUBLIC CONSULTATION

During the preparation of this amendment Council undertook the following initiative so that individuals and groups could provide input to the proposed Development Regulations Amendment.

INTERDEPARTMENTAL CONSULTATION

This Amendment has been referred to Government Departments having interest in the provincial Highway Sign Regulations, 1999. Comments from the Departments of Municipal and Provincial Affairs, Transportation and Infrastructure, Digital Government and Service NL and Tourism, Culture, Arts and Recreation have been incorporated into this Amendment.

St. John's Urban Region Regional Plan

The proposed Development Regulations Amendment No. 17, 2021 consists of text changes to 2014-2024 Development Regulations and conforms to the St. John's Urban Region Regional Plan. It is concluded that no Regional Plan Amendment is required.

DEVELOPMENT REGULATIONS AMENDMENT No. 17, 2021

The Town of Portugal Cove-St. Philip's Development Regulations is amended by:

A) **Amending** General Development Regulation 72, 77 and 78 as shown below:

PART III - ADVERTISEMENTS

72. PERMIT REQUIRED

- (1) No advertisement, as defined by Schedule A, shall be erected or displayed on land, or upon or within water, in the Planning Area unless a permit for the advertisement is first obtained from Council.
- (2) In addition to meeting the requirement of Regulation 72(1), ***a Permit for erection or display of advertisement shall require a Permit from the Department of Transportation and Infrastructure in accordance with the "Building Near Highways Regulations, 1999".***
- (3) Any portion of provincial highways where the speed limit is greater than 60 km/hr, the provincial Highway Sign Regulations shall apply and a permit from both the Town and Digital Government and Service NL (Government Service Centre) shall be required. Any portion of a provincial highway where the speed limit is less than 60 km/hr shall only require a permit from theTown.
- (4) ***For the purpose of this section, the following definitions shall apply:***
 - (a) ***"Above the surface of the ground" means measured vertically from the horizontal projection of the highest point of the ground immediately below a sign as determined by Council to the highest point of the sign or the pole as determined by Council.***
 - (b) ***"Banner sign" means a sign produced on cloth, paper, fabric or other combustible material of any kind, either with or without frames and shall be temporary.***
 - (c) ***"Bench sign" means a sign painted, located on or attached to any part of the surface of a bench, seat, or chair placed adjacent to a public place or street.***
 - (d) ***"Billboard" means a sign and its structure and component parts which are intended to advertise or call attention to any matter, object, event or person, where the sign***

face is usually leasable and where the subject matter may or may not be related to a use at or around the parcel of land on which the billboard is located.

- (e) "Building face" means the total area of a building between the finished surface of the ground and the eaves of any architectural elevation.*
- (f) "Bus shelter advertisement" means an advertisement that is painted, located on, attached, or forms part of a bus shelter placed or erected adjacent to or on a public place or street.*
- (g) "Canopy sign" means a sign that is a part of or attached to an awning, canopy or other fabric, plastic, or structural protective cover over a door, entrance, window or outdoor service area.*
- (h) "Changeable message sign" means an illuminated sign advertising a variety of goods and services offered which may or may not be located on the same property where the sign is located.*
- (i) "Construction sign" means a temporary sign erected on the premises or land on which development or construction is taking place, during the period of such construction, indicating the names of the planners, architects, engineers, landscape architects, contractors or similar artisans and the owners, financial supporters, sponsors and similar individuals or firms having a role or interest with respect to the structure or project.*
- (j) "Corner lot" means a lot or parcel of land abutting upon two or more streets at their intersection or upon two parts of the same street forming an interior angle of less than 135 degrees.*
- (k) "Election sign" means any sign used to promote a candidate or party during a regional school board or municipal, provincial or federal election.*
- (l) "Electrical sign" means a sign that utilizes an electrical source.*
- (m) "Ground sign or pylon sign" means a sign affixed to, supported by or placed upon the ground whether the ground is paved or unpaved, and which is supported by one or more uprights, in or upon such ground and not attached to any building.*
- (n) "Illuminated sign" means a sign lighted by or exposed to artificial lighting either by lights on or in the sign or directed towards the sign.*
- (o) "Inflatable signs" means a sign or display that is capable of being expanded by air or other gas and used as a temporary basis to advertise a product or event.*

- (p) "Marquee" means any permanent roof like structure projecting beyond a building or extending along and projecting beyond the wall of a building, generally designed and constructed to provide protection from the weather.**
- (q) "Marquee sign" means a sign printed upon, or attached to a marquee.**
- (r) "Menu Board" means a sign erected as part of a drive-through facility and used to display and order products and services available in association with a drive-through business.**
- (s) "Off-site directional sign" means a sign which directs traffic to a specific property, business or event and the sign is located on a property or building separate from the property, business or event to which it relates. A billboard sign is not an off-site directional sign.**
- (t) "Pre-menu board" means a sign erected as part of a drive-through facility and only used to display products and services available in association with a drive-through business.**
- (u) "Portable sign" means an illuminated or non-illuminated sign which is movable from one location to another and which is not attached to a fixed structure or does not have supports imbedded in the ground.**
- (v) "Projecting sign" means a sign other than a wall sign so constructed and so erected as to be rigidly attached at one end to a building, metal pole or other structure and projecting out from the surface of the building pole or other structure to which it is attached.**

- (6) If the real estate agent fails to remove his or her signs within two weeks from the date of the closing the transaction, Council may remove them and dispose of them and the agent shall be responsible for the cost of the removal and disposal of such signs.*

78. APPROVAL SUBJECT TO CONDITIONS

- (1)** A permit may only be issued for the erection or display of advertisements which comply with the appropriate conditions and specifications set out in the applicable Use Zone Tables in Schedule C of these Regulations.
- (2)** *Notwithstanding the provisions of this schedule, Council may refuse any sign or advertisement that, in the opinion of Council, is considered hazardous to road traffic by reason of its sitting, color, animation, illumination or structural condition or is considered detrimental to the amenities of the surrounding area.*
- (3)** *Bench and Bus Shelter Signs and Advertisements*
Bench signs and bus shelter advertisements shall be approved in accordance with the requirements and conditions as determined by Council.
- (4)** *Stationary Vehicle Signs*
Unless otherwise determined by Council, a sign or advertisement shall not be attached, affixed or displayed on a vehicle or trailer which is parked or located for the primary purpose of displaying said sign or advertisement.
- (5)** *Sight Triangle*
Unless otherwise determined by Council, no sign or advertisement shall be permitted to be located within the area identified by Council as the sight triangle at the intersection of streets.
- (6)** *Electrical or Illuminated Signs*
Every electrical or illuminated sign shall be approved by a certified organization that is accepted by the Province of Newfoundland and Labrador and the Standards Council of Canada. A licensed electrician shall undertake the electrical hook up of the sign. Illuminated signs may be required to be switched off during certain periods of the night, depending on their location. This will be determined by Council on a case by case basis.

(7) Easements

With the exception of portable signs, signs shall not be permitted to be located upon or project within the limits of utility or municipal service easements. Any sign located in close proximity to a utility or municipal service easement shall be located in accordance with the requirements of the easement owner.

(8) Engineering Design Requirements

Signs shall be designed, constructed, and erected to withstand the ice load and wind load requirements as determined by the Town's Consulting Engineer. The following types of signs will require signed and sealed approval by a Professional Engineer with the Association of Professional Engineers and Geoscientists Newfoundland and Labrador (PEGNL):

- *Billboard Signs*
- *Ground Signs or Pylon Signs greater than 3 m (9.8 ft) in height*
- *Portable Signs (at Council's discretion)*
- *Roof Signs*

(9) Other Required Information

Every portable sign or advertisement shall display, in a manner acceptable to Council, the name and phone number of the sign contractor.

In the case of an electrical or illuminated sign, the electrical certification's approval sticker shall be displayed on the sign.

(10) Advertisements

a. Banner Sign

A banner sign, where suspended across any street, shall be temporary and shall require the approval of the authority. A banner sign attached to a face of a building, fence or other structure shall be considered in a like manner to a wall sign.

b. Billboard Sign

- e) *The sign shall not be located closer than 3 m (9.8 ft) to a side lot line.*
- f) *Not more than two signs are permitted on a lot provided that each sign may have two leasable areas mounted back to back and the total maximum sign face of each sign shall not exceed 21.5 m² per sign face, with the exception of a "super sign" which shall not exceed 43 m² per sign face and, if approved, would comprise the total number of billboard signs permitted on a single lot.*
- g) *A minimum separation distance of 100 m (328.1 ft) shall be maintained between signs when on the same side of the street and in the same line of sight or visual plane.*
- h) *A single-faced sign shall be located not more than 2 m (6.6 ft) from the wall of a building and shall be parallel to the wall and shall not extend beyond the end of the wall and the height of the roofline of the building to which it is attached.*
- i) *A wall-mounted billboard shall not block natural light from a window of the building to which the billboard is attached.*
- j) *The sign shall not interfere or obstruct access to or from a lot or create a visual obstruction to the traveling public.*
- k) *The sign shall not conflict with adjoining architectural lines or forms or have the effect of materially obscuring the effect of the landscapes.*
- l) *The sign shall not be located within 60 m (196.9 ft) to a residential zone and shall not be oriented such that it faces an abutting residential zone or residential lot.*
- m) *Lighting of the sign shall not be directed toward the street and shall not adversely affect neighboring areas.*

- n) The sign shall be anchored and secured in accordance with the requirements of the Town's Consulting Engineer.*
- o) The sign shall be constructed in accordance with engineered drawings approved by Council.*

c. Canopy Sign

A canopy or awning sign shall be permitted on a wall of a building provided:

- a) The canopy or awning sign does not abut a residential lot or zone.*
- b) The minimum vertical clearance beneath the sign to above the surface of the ground shall be 2.2 m (7.2 ft).*
- c) The sign may extend the full length of a building and the sign shall not extend beyond the end of the wall to which it is attached with the exception of wrap-around signs.*
- d) The sign does not project more than 3 m (9.8 ft) from the wall of the building or structure to which it is attached.*
- e) The sign shall not extend over public land or streets except where approved by Council.*
- f) The sign shall not extend over a driving area or parking surface except where approved by Council.*
- g) The sign shall be anchored or secured to the building in accordance with the requirements of the Town's Consulting Engineer.*

d. Ground Sign or Pylon Sign

Unless otherwise determined by Council, one ground or pylon sign shall be permitted per street frontage of a lot, subject to the following conditions:

- a) The sign shall have a maximum overall vertical height of 8.5 m (27.9 ft) above the surface of the ground.*
- b) The sign shall have a maximum overall horizontal length of 6.0 m (19.7 ft).*
- c) The maximum area for the sign face shall be 51 m² (549.0 ft²) exclusive of the sign's supports and mounts.*

- d) The sign shall be setback a minimum distance of half the height of the sign from the property's front lot line.*
- e) The sign shall be setback a minimum distance of 1 m (3.3 ft) from the property's side lot lines.*
- f) The sign shall have a minimum separation distance of 2 m (6.6 ft) to an adjoining dwelling, apartment, school or church.*
- g) There shall not be any electrical component of the sign within 1 m (3.3 ft) above the surface of the ground.*
- h) A minimum separation distance of 15 m (49.2 ft) shall be maintained between ground or pylon signs located on abutting properties.*
- i) The ground or pylon sign shall not be permitted to be located along the lot line that abuts a residential lot.*
- j) Where there is more than one ground or pylon sign permitted per lot, there shall not be more than one ground or pylon sign for every 30 m (98.4 ft) of lot frontage.*
- k) The sign shall be anchored and constructed in accordance with the engineering drawings approved by Council.*

e. Inflatable Sign

Inflatable signs shall be permitted subject to the following conditions:

- a) A limit of one rooftop or ground inflatable sign per lot or for every 30 m (98.4 ft) of lot frontage.*
- b) The sign shall be setback from a lot line, a minimum distance of 1.5 m (4.9 ft) times the inflated height of the sign.*
- c) The sign shall not interfere or obstruct access to or from a lot.*
- d) The sign may be illuminated internally or externally but shall not contain flashing or intermittent lighting or lighting which creates glare when viewed by on-coming traffic or by abutting residential uses.*
- e) The maximum height and size of the sign shall be determined at the discretion of Council but shall be in accordance with and relevant to standard model sizes and dimensions available from balloon or inflatable advertisement manufacturers.*
- f) The sign shall be anchored or secured in accordance with the requirements of the Town's Consulting Engineer.*

- g) The time limit for the sign permit shall be specific to the duration of the event to which the advertisement is related but shall not exceed 30 days. Upon expiration of the sign permit, the permit may be renewed for another 30 day period provided Council is satisfied that the sign is being maintained to Council's satisfaction and the sign conforms to the Regulations and the conditions attached to the permit.*
- i) If, in the opinion of Council, the sign is a hazard or unsafe to the public, the advertisement shall be removed immediately upon notice.*

f. Marquee Sign

A marquee sign shall be permitted on the principle facade of a building subject to the following conditions:

- a) The minimum vertical clearance beneath the sign to above the surface of the ground shall be 3 m (9.8 ft).*
- b) The sign may extend the full length of a marquee but in no case shall such sign project beyond the ends of such a marquee.*
- c) A marquee sign shall not extend over public land or streets except where approved by Council.*
- d) The sign shall be anchored or secured to the building in accordance with the requirements of the Towns Consulting Engineer.*

g. Menu Boards

Menu Boards which are used to display and order products on a lot shall be permitted subject to the following conditions:

- a) There shall be one pre-menu board and one menu board per drive-through on a lot.*
- b) The maximum area for the sign face of a pre-menu board shall be 2 m² (21.5 ft²).*
- c) The pre-menu board sign shall have a maximum height of 3 m (9.8 ft) above the surface of the ground.*
- d) The maximum area for the sign face of a menu board shall be 4.1 m² (44.1 ft²) for a single face.*
- e) The menu board sign shall have a maximum height of 3 m (9.8 ft) above the surface of the ground.*

h. On- Site Traffic Directional Sign

On-site traffic directional signs which direct motor vehicle or pedestrian traffic on a lot shall be permitted subject to the following conditions:

- a) There shall be no limit to the number of on-site traffic directional signs on a lot.***
- b) An on-site traffic directional sign shall be confined to directing motor vehicle or pedestrian traffic and includes such signs as an entrance sign, an exit sign or a motor vehicle parking direction sign.***
- c) The maximum area for the sign face shall be 0.75 m² (8.1 ft²) for a single face.***
- d) The sign shall have a maximum height of 1.2 m (3.9 ft) above the surface of the ground.***

i. Off-Site Directional Sign

Off-site directional signs, which direct traffic to a commercial or industrial development or use, shall not be permitted. Off-site directional signs related to a charitable, non-profit or municipally sponsored event, tourism attractions and services, which direct traffic to a community facility may be permitted as determined by Council provided only one sign is erected per street frontage, the sign is erected for the duration of the event, and the location, size, and construction of the sign conforms to the requirements of Council.

j. Portable Sign (Bold Signs)

A portable sign shall be permitted provided:

- a) The sign shall have a maximum of two sign faces.***
- b) The maximum sign face area shall be 6.0 m² (64.6 ft²) each sign face.***
- c) The maximum overall height of the sign from ground level to the top of the sign shall be 2.5 m (8.2 ft).***
- d) The sign shall be set back a minimum distance of 1.5 m (4.9 ft) from a lot line. Where the sign is on a corner lot, the sign shall not be located within the sight triangle.***
- e) Not more than one sign is permitted at any one time on any property having a frontage of less than 20 m (65.6 ft). On lots with frontages greater than 20 m, a minimum separation distance of 15 m (49.2 ft) shall be maintained between each portable sign.***
- f) The sign must be located on the property on which the business is located unless otherwise approved by Council and the property owner.***
- g) The sign shall not interfere or obstruct access to or from a lot.***

- h) The sign shall not be placed on a portion of a lot that abuts a residential zone or existing residential lot.*
- i) If the sign is illuminated, the sign shall be of a design approved by the Canadian Standards Association (CSA) and bear the CSA approval decal on the sign.*
- j) The sign shall be constructed in accordance with engineered drawings approved by Council.*
- k) The portable sign permit shall be valid for a period of 90 days from the date of issue by Council. Upon expiration of the sign permit, the sign is to be removed or a new sign application submitted to Council and such permits may be renewed for further periods of 90 days upon application and approval.*

k. Sidewalk Sign

A sidewalk sign shall be permitted subject to the following conditions:

- a) The sign shall only be displayed or erected on the public street abutting the business and only in cases where it is not possible because of the size of the lot, to locate a ground or portable sign entirely on the lot on the same lot as the business for which the sign applies.*
- b) The sign shall have a maximum height of 1 m (3.3 ft).*
- c) The sign shall have a maximum of two sign faces.*
- d) The sign shall have a maximum sign face of 0.55 m² (5.9 ft²) for each sign face.*
- e) The sign shall be displayed only between sunrise and sunset of every business day and shall be taken indoors at all other times.*
- f) The sign shall not be located within 3 m (9.8 ft) of a driveway access.*
- g) The sign shall be located as close to the building face as possible and maintain a minimum unobstructed sidewalk width of 1.5 m (4.9 ft).*
- h) The sign shall be secured in accordance with the requirements of the Town's Consulting Engineer.*

l. Projecting Sign

A projecting sign shall be permitted on any principal facade of a building subject to the following conditions:

- a) The minimum vertical clearance beneath the sign above the surface of the ground shall be 3 m (9.8 ft).*
- b) The maximum overall projection of the sign from the building shall be 3 m.*
- c) The sign is a rigid sign and its design and construction does not permit it to swing in the wind.*
- d) A projecting sign shall not extend over public land or streets except where approved by Council.*
- e) A projecting sign shall not extend over a driving area or parking surface except where approved by Council.*

m. Roof Sign

One roof sign per building shall be permitted subject to the following conditions:

- a) The sign shall not exceed the maximum permitted height of a building as specified in the use zone in which the building is located.*
- b) The height of a roof sign shall respect the scale of the building and neighborhood where it is located. The maximum height of a roof sign located on a flat roof building shall be 2 m (6.6 ft), whereas the maximum height of a roof sign located on a pitch roof shall be half the height of the roof pitch.*
- c) The sign shall not project beyond the exterior wall or walls of the building to which it is attached.*
- d) The electrical wiring of a roof sign shall be in accordance with the requirements of the current National Building Code.*
- e) The sign shall be anchored or secured to the building in accordance with the requirements of the Towns Consulting Engineer.*
- f) The sign shall be constructed in accordance with engineered drawings approved by Council.*

n. Wall Sign

A wall sign shall be permitted subject to the following conditions:

- a) A wall sign may be placed on a wall or building abutting any street or public highway provided the wall sign does not immediately face a residential lot or zone.*

- b) Unless otherwise determined by Council, the total area of all wall signs on any one architectural elevation of a building shall not exceed 20% of the building face.*
