

# EARTH DAY

## TRIVIA

### CIRCLE THE ANSWERS TO THE TRIVIA QUESTION!

- In what year was the first Earth Day?
  - 1950
  - 1970
  - 1985
  - 2000
- When is Earth Day each year?
  - March 21
  - April 22
  - May 1
  - June 5
- Earth Day helps people care about?
  - Games
  - Fashion
  - Environment
  - Space
- Which layer blocks most UV rays?
  - Ozone
  - Clouds
  - Rain
  - Dust
- What gas do trees take in?
  - Oxygen
  - Carbon dioxide
  - Helium
  - Hydrogen
- What gas do plants release for us to breathe?
  - Nitrogen
  - Carbon dioxide
  - Oxygen
  - Steam
- What does recycle mean?
  - Throw away
  - Make old into new
  - Burn it
  - Bury it
- Which item can usually be recycled?
  - Glass bottle
  - Used tissue
  - Leftover soup
  - Dirty towel
- What is compost made from?
  - Plastic
  - Food and leaves
  - Glass
  - Batteries
- Why is compost good for gardens?
  - Makes plastic
  - Enriches soil
  - Softens rocks
  - Replaces sun

**NUMBER  
CORRECT**

# EARTH DAY TRIVIA

## CIRCLE THE ANSWERS TO THE TRIVIA QUESTION!

- Which is renewable energy?
  - Coal
  - Oil
  - Wind
  - Diesel
- Why is solar energy renewable?
  - Sun keeps shining
  - Made from plastic
  - Use once
  - Gone in winter
- Which action saves water?
  - Leave tap on
  - Longer showers
  - Turn tap off
  - Water sidewalk
- Why is clean water important?
  - Needed to live
  - Makes cars faster
  - Changes seasons
  - Replaces food
- What is pollution?
  - Cleaning air
  - Harmful waste
  - Planting flowers
  - Saving power
- What pollution comes from cars?
  - Air pollution
  - Pencil pollution
  - Silent pollution
  - Paper pollution
- Why are bees important?
  - Build nests
  - Pollinate plants
  - Make wind
  - Clean roads
- What is an endangered animal?
  - Very common
  - Could die out
  - Lives in zoos
  - Largest animal

# EARTH DAY

## ANSWERS

### A

- B) 1970
- B) April 22
- C) Environment
- A) Ozone
- B) Carbon dioxide
- C) Oxygen
- B) Make old into new
- A) Glass bottle
- B) Food and leaves
- B) Enriches soil

### C

- A) Trash on ground
- A) Hurts animals
- B) Animal's home
- B) Arctic ice
- B) Hurts sea life
- B) Refill bottle
- A) Less pollution
- A) Absorb carbon dioxide
- A) Protect Earth
- B) Protect today

### B

- C) Wind
- A) Sun keeps shining
- C) Turn tap off
- A) Needed to live
- B) Harmful waste
- A) Air pollution
- B) Pollinate plants
- B) Could die out
- B) Cutting forests
- B) Clean air and homes
